

Cargo Trailers

CUSTOM BUILT TO YOUR SPECIFICATIONS

When you take a look at one of our quality cargos, you will find that the structure is carefully designed for strength and durability. We use severe duty commercial semi-trailer materials to accommodate heavy loads for those long road trips ahead. With many years in the custom trailer industry, we promise to build you a dependable and economically priced unit. We will discuss your specific requirements, so we have a complete understanding on how to construct your cargo just the way you want it.

Our cargo trailers come with adjustable 5th wheel king-pin box or 2 5/16" ball straight pull hitch, 3/4" exterior grade plywood providing a sturdy floor, and one piece, long lasting aluminum roof. The interior options include a variety of insulations, wall lining, windows, lighting and hardwood or aluminum tread plate floor options are available. The exterior can have items such as a special bumper design, lift gates, steps, ramps, wind deflectors, possum belly storage, and an exterior panel color tailored to your needs.
