

**CUSTOM BUILT TO YOUR SPECIFICATIONS
MADE FOR SMALL AND LARGE OPERATIONS**

Otterbacher Trailers, exclusively manufactured by Brothers Body and Equipment, are built with severe duty commercial materials which provide the durability to endure many miles on the road. If you take a look at one of our trailers, you will find our stud and rivet centers are closer than most with special trims for the edges to ensure the quality of our products. Hydraulic awning lifts, detachable hitches, and adjustable kingpin boxes are standard on all our trailers. All these details and extra attention provide for superior construction. Because of our knowledge and experience in the industry, efficient money-making designs are produced to meet your unique requirements.

In addition, we will provide brilliant Otterbacher graphics and lighting that will attract the volume you need for higher profit. Chasing lights and custom designed signs are a necessary advantage in any game or merchandising trailer design. After all, the ability to sustain heavy traffic is the key for vendors to increase revenue and profit.
