

Here at Brothers Body and Equipment, we offer not only custom trailers, but accessories. We can provide you with park benches, picnic tables, and trailer dollies.

You can't go wrong with park benches located all over the midway. Many people like to take a rest from time to time after making their roundabouts. These quality benches are constructed to hold many pounds and are made for long lasting usage. We can apply custom logos to our benches to advertise any business.

Our durable picnic tables are an important feature. There are many concession trailers located on the midway, and tables are a convenience to the public. They are heavy-duty and portable, allowing you to move them from location to location.

Use our time tested, service proven trailer dolly to position your trailer at its location. These dollies will help you maneuver your unit into tight spots with no hesitation. It's constructed of heavy-duty materials to ensure it's durability and strength. Our dependable trailer dollies are a big convenience in the Amusement Industry.
